Years as a Potter:	20 years
Experience	Professional, thousands of pieces made and sold, more than 100 art shows, including Bayou City (Houston), Fiesta Arts Fair (San Antonio), Art in the Square (Southlake), Clay, Glass and Metal Art show (Detroit). More galleries than I can remember along the way.
Why Pottery	More than 20 years ago I started taking pottery classes as an escape from my job as a computer outsourcer. When the travel became more than I wanted to endure I decided to become a full time potter. At the time I had sold nearly \$100 worth of pottery, it seemed like a sound choice.
